

## Two WhippleWood CPAs' Principals Receive Five Star Wealth Manager<sup>SM</sup> Honors Again

Littleton, Colo., September 8, 2014—CEO and cofounder Richard J. Whipple and Principal Mona L. Feeley of WhippleWood CPAs were both named 2014 Five Star: Best in Client Satisfaction Wealth Managers<sup>SM</sup>, an award given to less than 3 percent of wealth managers in the Denver area. This is the fifth time Rick has received this recognition, and the fourth for Mona.

Rick has been an owner of WhippleWood CPAs for more than three decades. In the past 10 years, he has successfully managed the growth and strategy of the firm in his role as CEO. He is responsible for positioning the firm to deliver high quality tax, business assurance and consulting services for high net worth individuals and business owners throughout the United States and abroad.

Mona is a principal in the tax service area of WhippleWood CPAs and holds both a bachelor's and master's of science in accounting from the University of Colorado. She serves clients in a variety of areas, including oil and gas companies, auto dealers, franchisor accounting and taxation, real estate, dental and medical practices, and professional services.

Five Star professionals score among the highest in overall satisfaction in their market area based on research with clients, peers and industry leaders. This exclusive award is given after a rigorous research process that includes a regulatory and consumer satisfaction review, and an evaluation of objective criteria associated with wealth managers who provide quality services to their clients. Wealth managers do not pay a fee to be included in the evaluation process or to be named as a Five Star Wealth Manager<sup>SM</sup>.

Congratulations to Rick and Mona on receiving this noteworthy honor!

### About WhippleWood CPAs
